

VIVA REPORT

Viva Report	
Student Name	Gokul R
Project Title	TCS iON RIO-125: Creating an Online tour guide portal for domestic tourists
Academic Mentor Name	Lavanya M
Academic Mentor Remarks	During the viva for the project that Gokul was working on, I made sure to take note of his major learnings from the internship. Based on my review of his daily reports, the project report he submitted, and the website he built during the internship, I can confidently say that Gokul has a strong understanding of the project. Additionally, he has gained knowledge on databases and how to connect with them, as well as a clear understanding of the approach he took to create an online tour guide portal for domestic tourists. Finally, Gokul was able to identify potential areas of enhancement for the project.
